## GAME DESCRIPTION

Speed Demon is a Pinball/ Turntable device. The object of the game is to launch the ball with the spring loaded plunger up a ramp onto the rotating turntable. On the turntable are nine holes in which the ball can drop through. Six holes are marked with specific ticket amounts and the other three are marked with the speed demon logo. If the ball drops through one of the speed demon holes, the player gets the opportunity to play a bonus game and win up to 1000 tickets. The bonus game is a tree level skill stop game. The player must stop the spinning lights on a space marked with the speed demon logo. If the player misses the speed demon logo at any point, the player is awarded the ticket value based on the value where light stopped.
